

TEAM LEADER: ROLE DESCRIPTION

Our charity:

CoppaFeel! exists to educate and remind every young person in the UK that checking their boobs isn't only fun, it could save their life. Breast Cancer will affect 1 in 8 women in their lifetimes, with 400 men being diagnosed annually in the UK. Our work spans schools, festivals and universities, where we empower young people to be proactive about their health and bodies. By encouraging them to check their boobs we are helping to instil a healthy habit that will ensure any unusual changes are detected at the earliest stage possible, where treatment options are more successful and survival rates are higher.

What does a Uni Boob Team leader do?

Uni Boob Team Leaders are the *very* important folk responsible for rallying our teams of students to bring boob-love to campuses across the UK, so we're on the lookout for dedicated and hard-working people who are up for a challenge.

As a Uni Boob Team leader you have two very important goals: to get students talking about and checking their boobs and to raise funds to help CoppaFeel! continue our life-saving work. You'll achieve this over the course of six missions set to you by Boob HQ during your first and second terms. You'll be empowering students to get to know their bodies in fun and original ways, from making waves at your fresher's fair to throwing a club night takeover, or hijacking your gym with cheeky boob-checking reminders to hosting your own boob dodge-ball tournament.
