

OUR CHARITY

CoppaFeel! exists to educate and remind every young person in the UK that checking their chest isn't only fun, it could save their life. Breast Cancer will affect 1 in 7 women in their lifetimes, with 400 men being diagnosed annually in the UK. Everyone has breast tissue and people of all genders can get breast cancer.

Our work spans schools, events, festivals and universities, where we empower young people to be proactive about their health and bodies. We aim to instil a healthy habit that will ensure any unusual changes are detected at the earliest stage possible, where treatment options are more successful and survival rates are higher.

WHAT DOES A UNI BOOB TEAM LEADER DO?

Uni Boob Team Leaders are the very important folk responsible for rallying our teams of students to bring boob-love to campuses across the UK. As a Uni Boob Team Leader, you have two main goals:

- Recruit a team of students to help you spread the CoppaFeel! message on-campus
- Get students talking about and checking their chests.

You will empower students to get to know their chests in fun and original ways. Some activities our Uni Boob Teams have run in the past include:

Stalls and 'pop-ups' at on-campus fairs and events

Hijacking showers at your uni gym with cheeky checking reminders

Hosting your own boob-themed dodgeball tournament

Using social media to spread our checking message
