

YOUR ROLE AS A BOOBETTE

WHO WE ARE

CoppaFeel! exists to educate and remind every young person in the UK that **checking your chest isn't only fun, it could save your life**. We do this by equipping people with the knowledge and tools they need to get to know their bodies. We like to talk about a serious message in a light-hearted way, empowering people to start healthy habits for life. We want to live in a world where all breast cancers are diagnosed at the earliest stage possible, when treatments are more effective and survival rates are higher.

ABOUT THE BOOBETTES

Our team of Boobettes are a group of volunteers who have all been affected by breast cancer in some way between the age of 18-35. They have either had a breast cancer diagnosis, and may still be undergoing treatment, or have a personal experience – whether a scare, preventative surgery or a close connection to the disease through family or friends. All of our Boobettes share a positive outlook with a desire to make a real difference. Boobettes are the ultimate ambassadors of CoppaFeel! – the power rangers of the boob world!

SELECTING OUR BOOBETTES

Selection is based on a completed application form followed by a one-to-one informal chat with someone from the Boobette Team. Successful applicants will demonstrate a good understanding of the role and its commitment. We also ask for two references.

SELECTION CRITERIA | AGE

We believe that everyone's experience is important and are blown away by the many wonderful people wanting to share their story to inspire others. The reason we have an age criteria for our Boobette role is because the programme aims to deliver peer-to-peer education and our research shows that storytelling is more likely to have an impact on our target audience aged 18-24 when it comes from someone close in age. As much as we'd love to accommodate everyone who applies, and have infinite Boobettes, we have to stick closely to our criteria.

MEDIA OPPORTUNITIES

We are often approached by the media to allow us to further spread the word about the Boobette programme and its impact. This may include newspaper and magazine articles, Facebook lives or photoshoots. It's not a requirement; every opportunity is optional but please be aware of this and have a think about whether you'd be happy having your story published in national media.

TRAVEL EXPENSES

CoppaFeel! reimburse all travel expenses incurred in your role as a volunteer. Other expenses including food and accommodation must be discussed and agreed with the Boobette Team prior to the event or activity taking place.

EQUAL OPPORTUNITIES

At CoppaFeel! we support a diverse range of communities and we understand that representation and relevancy across our volunteering programmes is central to meeting the needs of the young people we exist to reach. **We strongly encourage applications from Black and people of colour, LGBTQIA+ people, people with disabilities, and from men because we would like to increase the representation of these groups within the programme.**

We promote equality, diversity and inclusion in our programmes and make recruitment decisions by matching the charity's needs with the skills and experience of applicants, irrespective of age, disability (including hidden disabilities), gender, gender identity or gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, or sexual orientation. We recognize the value in encouraging a diverse range of perspectives, skills, experience and knowledge at the charity. Our charity is committed to the positive promotion of equality of opportunity across all volunteering.
