Our Statement

At CoppaFeel! we value everyone's safety and wellbeing, whether you are a trustee, staff, volunteers, fundraisers or young people interacting with us at events. We want to make sure everyone associated with the charity is happy and safe when carrying out our activities.

As members of [SAFE](#), we aim at all times to attain best safeguarding practice throughout all our work with children, young people and adults at risk. We endeavour to provide a safe and friendly environment. We will achieve this by adhering strictly to this policy, guidance and risk assessments. Our organisation also holds current Public Liability Insurance which covers all of our activities.

All volunteers and staff will receive CoppaFeel!'s Safeguarding Policy to read through, which details how to report any worrying behaviour towards yourself or others and how this will be handled by the charity.

If you have any concerns about your personal safety or anyone else's at an event or when representing CoppaFeel!, please take appropriate action:

1. Take yourself or others to safety

Comments and actions that contribute to discrimination, harassment or victimisation are not acceptable and will be challenged. The remit of what is covered under this policy also extends beyond the characteristics listed above. All incidents will be recorded and shared with the relevant agencies when necessary and appropriate.

We will:

- treat everyone with respect and celebrate their achievements,
- carefully recruit and select all staff whether paid or unpaid,

Our Senior Lead for Safeguarding is:

Name: Sarah Pugh

Role: Trustee and Board Safeguarding Lead

Why do we need a Safeguarding Policy?

All organisations that work or come into contact with children, young adults and/or adults at risk need to have safeguarding policies and procedures in place. Government guidance is clear that all organisations working with children, young people, adults at risk, parents, carers and/or families have responsibilities for safeguarding. It is important to remember that children, young people and adults at risk can also abuse and that such incidents fall into the remit of this policy.

To undertake these responsibilities we:

- have senior managers and trustees committed to safeguarding
- are clear about people's responsibilities and accountability
- have a culture of listening to concerns
- undertake safer recruitment practices for all staff and volunteers
- have procedures for dealing with allegations against, and concerns about any staff
- make sure staff, paid and unpaid, have mandatory induction and further safeguarding training where necessary along with support

It is important that records are shared at the appropriate time as necessary. Within our organisation the decision to share written information, and with whom, will be undertaken by the Lead or the Deputy for safeguarding.

Your responsibility as a member of the CoppaFeel! Community:

Handling Concerns

We do not expect you to put yourself in uncomfortable or potentially harmful situations, so please only undertake your role when you feel comfortable and safe to do so. It is everyone's responsibility at CoppaFeel!, including trustees, staff and volunteers to ensure the safety and wellbeing of themselves and everyone they come into contact with when carrying out our work.

We do not expect you to put yourself in uncomfortable situations to defend the charity if confronted with a negative reaction to our message, mission or branding. Please always refer people onto the team at CoppaFeel! who will be happy to handle any issues of this nature.

We expect everyone to read and uphold the information in this document and take their safety and the safety of others seriously. When someone has made a report to you...

- take what you are being told seriously
- stay calm and reassure, always make sure the person speaking up feels they're being listened to and supported.
- do not investigate.
- do not delay and always seek advice from CoppaFeel! through your main contact or the Lead or Deputy for Safeguarding.
- make a careful recording of anything you are told or observe, if a staff member, you must complete an incident form with a date and your name promptly.
- action must be taken no matter if the information you received is about a concern that is non-recent or from an anonymous source.
- don't promise to keep information confidential between you and them. Refer to this policy to make sure information is only shared with people who need and have the right to know.
- **take immediate action if there is an immediate risk of harm.**

A report may come from someone telling you:

Created July 2020

Last reviewed March 2024 by Sophie Dopierala-Bull, Safeguarding Lead & Sarah Pugh, Senior Safeguarding Lead.

- they have or are being abused
- they have concerns about someone else
- they are themselves abusing or likely to abuse someone else

Responding to concerns

We ensure and emphasise that everyone in our organisation understands and knows how to share any concerns immediately with the Lead or Deputy for Safeguarding.

Step 1

If you are worried about the safety of a child, young person or adult at risk because:

- you have seen something
- someone says they have been abused
- somebody else has told you they are concerned
- there has been an allegation against a colleague
- there has been an anonymous allegation
- an adult has disclosed that they were abused as a child
- a child, young person or adult say they are abusing someone else

Check out the Safeguarding policy for guidance. Talk to the Lead or Deputy for Safeguarding without delay. If they are implicated then report to another member of the Leadership team.

Step 2

If someone is in immediate danger call 999 or report concerns to security if at a venue.

If you are at an event or in a school/college, report any concerns to the lead contact on site, as well as your main contact at CoppaFeel!.

CoppaFeel! staff must listen to the report and record all the details down carefully in the Reporting A Concern Incident form. Remember to include the date and your name/job role.

Created July 2020

Last reviewed March 2024 by Sophie Dopierala-Bull, Safeguarding Lead & Sarah Pugh, Senior Safeguarding Lead.

Step 3

The Lead, Deputy or Additional Senior Lead should assess the report and refer the concern to the relevant adult or children's social care service and/or the Police and follow up the referral in writing within 24 hours where necessary.

Under "whistle blowing", anyone can refer directly to the police or social care services and all relevant authorities, when they are concerned the organisation is not managing safeguarding concerns appropriately.

Always report any concerns to your main contact at CoppaFeel!. If they are unavailable, please contact Safeguarding Lead, Sophie Dopierala-Bull on sophie@coppafeel.org or 07778098573.

Working with young people:

If a young person ever discloses something, don't ask questions or delve deeper - it's not your job to investigate or support, but instead report the incident. It doesn't matter how small or insignificant something may seem, if anyone discloses anything concerning then it needs to be reported without delay.

In light of a report, the following action will be taken:

1. Reporting concerns form is completed promptly and sent to Safeguarding Leads.
2. Safeguarding Leads, or a member of the leadership team if not available, to assess any incoming reports immediately and take appropriate action.
3. This action will depend on the incident reported, but will include logging it internally and speaking to the appropriate external team from the list (not exhaustive) below to seek advice or to refer on:

- Local safeguarding board
- Charity Commission
- Police or Local Safer Neighbourhood Teams
- Specialist charities e.g NSPCC or SAFE CIC
- Local Authorities

Created July 2020

Last reviewed March 2024 by Sophie Dopierala-Bull, Safeguarding Lead & Sarah Pugh, Senior Safeguarding Lead.

4. The Safeguarding Lead or most appropriate member of the management team may also contact the venue, event or festival for further information and will be in touch with the person who reported the concern to share (where appropriate) detail of the action taken.
5. A final note will be made on the Reporting Concerns form detailing the action taken.
6. The Board of Trustees and Charity Commission will also be made aware of any serious incidents as necessary. The Trustees will also be kept informed of the number of safeguarding reports received at Board meetings annually.

eSafety

Why do we need to include eSafety?

Modern digital technology has made access to information and communication increasingly easy for everyone. This is especially so for those who cannot always go out to socialise and rely on websites for social networking, watching films, downloading music, buying lottery tickets, shopping etc. Government guidance is clear, that all organisations working with children, young people and adults at risk have responsibilities. It is also important to remember, children, young people and adults at risk can also abuse and such incidents fall into the remit of this policy

eSafety Code of Conduct:

We expect everyone in our organisation to agree and sign up to our eSafety code of conduct to:

1. use the internet and other forms of communication in a sensible and polite way.
2. only access websites, send messages or access and use other resources that will not hurt or upset anybody.
3. seek permission if they want to use personal information or take photographs of other people.
4. report any concerns to the Lead or Deputy
5. not maintain confidentiality if there is a concern about the welfare of a child, young person or adult at risk.
