

EVERY DONATION MATTERS

Breast cancer can affect anybody. Your donation will make a big difference and help to ensure that all breast cancers in young people are diagnosed early and accurately.

CoppaFeel! exists to educate young people about the signs and symptoms of breast cancer, encourage regular chest checking, and empower young people to advocate for their health. When breast cancer is diagnosed early, treatments are more effective and survival rates are higher. **Your donation could save lives.**

£5

Could remind around 200 young people to check their chest via our **free text reminder** service.

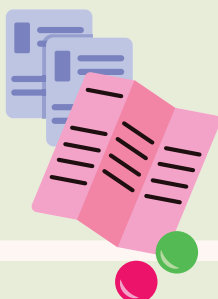

£10

Could give 25 young people a **handy resource** to display in the shower, educating them on the signs and symptoms of breast cancer.

£25

Could get a **GP practice** to educate young patients about the importance of monthly chest checking with the help of our healthcare awareness materials.

£50

Could pay for one **Boobette volunteer** to visit a school or workplace, sharing their personal experience of breast cancer in order to educate young people about the importance of monthly chest checking and inspire life-saving behaviour change.

£100

Could equip 15 classrooms with the materials they need to **educate, encourage and empower** students to get to know their body and advocate for themselves, developing healthy habits from a young age.

£150

Could send **10 awareness packs** to workplaces, gyms or community groups to help them spread breast cancer awareness.

£220

Could provide 2,000 healthcare professionals with **trans inclusive chest checking posters**, designed in collaboration with OUTpatients, the UK's only LGBTIQ+ cancer charity.

Thank you for your life-saving support!
